خلاصه مقاله:

The aim of the letter to editor is to provide some comments regarding the manuscript of DehghanNezhad et al.(1) recently published in the Iranian Journal of Pathology titled "Micronucleus Assay of Buccal Mucosa Cells in Waterpipe (Hookah) Smokers: A Cytologic Study." In this article, the authors were able to detect high frequencies of .micronucleus in buccal mucosa cells of waterpipe smokers when compared to non-smokers

کلمات کلیدی:

Micronucleus Assay, Waterpipe Smoke, Buccal Mucosa
