## خلاصه مقاله:

In this paper, by inspired of the concepts of noetherian and artinian modules in algebraic structures theory, we develop them to the noetherian and artinian fuzzyhypermodules, first we initiate the study of some results and definitions related to fuzzy hyperrings and fuzzy hypermodules and Then, our studies focuses on somerelationships .and properties of noetherian and artinian fuzzy hypermodules

## کلمات کلیدی:

Fuzzy hypermodule, Noetherian fuzzy hypermodule, Artinian fuzzy hypermodule
