

### عنوان مقاله:

Modeling an architecture discovery, organize, coordination and response to computer systems incidents with petri net network

### محل انتشار:

هفتمین کنفرانس بین المللی پژوهش در علوم و مهندسی و چهارمین کنگره بین المللی عمران، معماری و شهرسازی آسیا (سال: 1401)

تعداد صفحات اصل مقاله: 9

### نویسندگان:

Mahdi Sadeghi Ghahare - *PhD student of engineer computer, Faculty of Engineering and Technology, Department of computer, Tehran north Branch, Islamic Azad University, Tehran, Iran*

Ali Harounabadi - *Assistant Professor, Department of computer, Faculty of Engineering and Technology, collegecomputer and computer, central Tehran Branch Islamic Azad University, Tehran, Iran*

### خلاصه مقاله:

Implementation method, architecture and etc. for discovery or else parts of cyber security are very important. It is very important that this is clearly and rational. In this paper new architecture that this is discovery, organize, coordinating and response incidents are implementation with petri net diagram. This paper could show that architecture easier and clearly.

### کلمات کلیدی:

.incident, response to incident, discovery incident, petri net, incident manager, cyber security
