خلاصه مقاله:

During a study on fauna of the frit flies (Diptera: Chloropidae) in Khorasan Razavi province (Iran) in ۲۰۱۴ and ۲۰۱۵, nine species of six genera were collected and identified. *Platycephala rugosa* (Nartshuk, ۱۹۶۴) is recorded for the first time for Iranian fauna. Geographical distribution and biological notes are provided.

کلمات کلیدی:

Chloropidae, Diptera, Iran, Grass flies, Khorasan Razavi
