## خلاصه مقاله:

Policies also play a big role in the (success and) failure of policies. Non-observance of rationality in the policy formulation stage by the compilers can lead to unsuccessful implementation of policies. Governments are not successful in implementing many public policies. Many challenges, obstacles and limitations may disrupt the implementation of policies. But usually when the implementation phase fails; Only the implementers are blamed, while the policy makers have a large role in the (success and) failure of the policies. Non-observance of rationality in the policy formulation stage by the compilers can lead to unsuccessful implementation of the policies. that the state of compliance with rationality in the policies approved by the 9th Majlis of the Islamic Council has a significant difference with the desirable state of rationality for the successful implementation of the policies. By collecting necessary data from experts through a questionnaire and analyzing them with statistical tools, the research hypothesis was confirmed. Based on this, it can be said that failure to observe the optimal combination of rationality in the policy development phase has led to the unsuccessful implementation of policies

## کلمات کلیدی:

public policy, rationality, role and review
